

Cafe Bliss - Final Report (Project 1)

Project Title: Cafe Bliss - Responsive Cafe Website

Internship: WebDevSoft Internship Program - Project 1

Submitted by: Soumya Tiwari

Date: 26-Oct-2025

1. Project Overview

Cafe Bliss is a simple, responsive website for a cafe showcasing coffee, snacks, and ambiance. The website is designed to provide a smooth user experience and visually appealing layout.

Technologies Used: HTML, CSS, JavaScript

2. Objectives

- Create a functional, aesthetically pleasing cafe website
- Make it responsive for desktop and mobile devices
- Organize assets and project structure professionally
- Practice real-world web development skills

3. Folder Structure

cafe-bliss/

|

+-- index.html # Main HTML page

+-- style.css # Stylesheet

+-- script.js # JavaScript

+-- menu.html # Menu HTML page

+-- menu.css # Stylesheet(menu page)

+-- menu.js # JavaScript (menu page)

+-- assets/

| +-- screenshot/ screenshots

| +--img1

| +--img2,img3.....(all images that use in project)

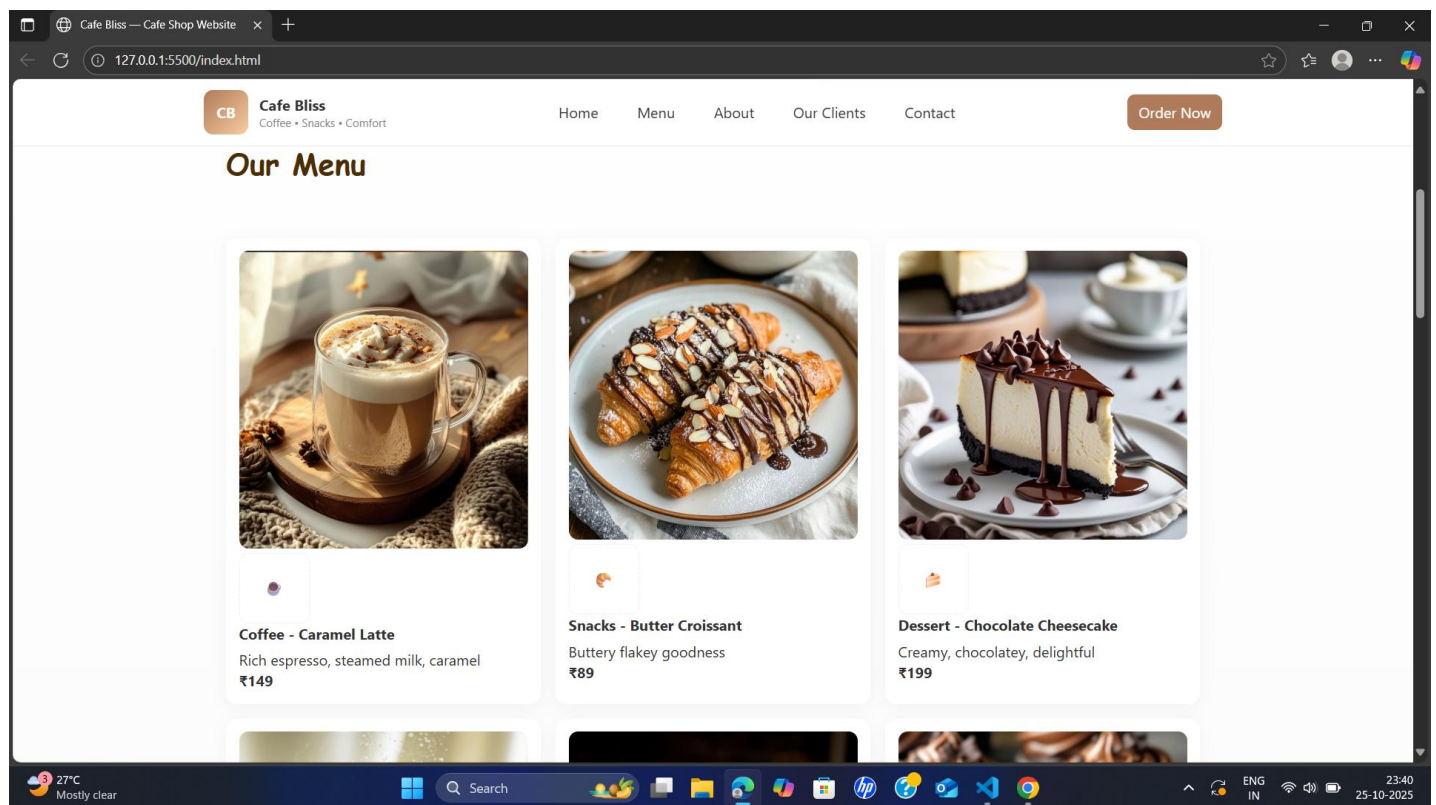

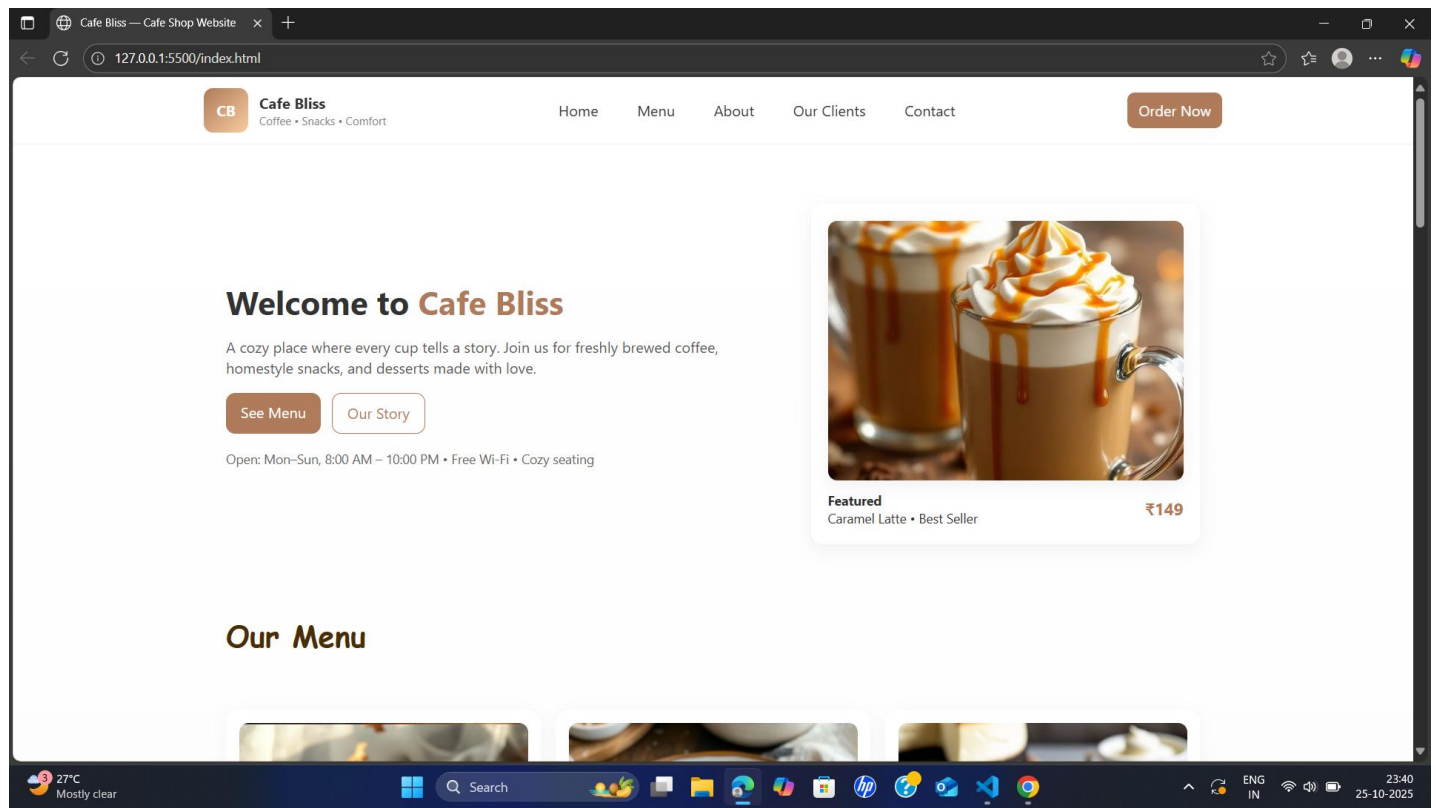

+-- README.md # Project description

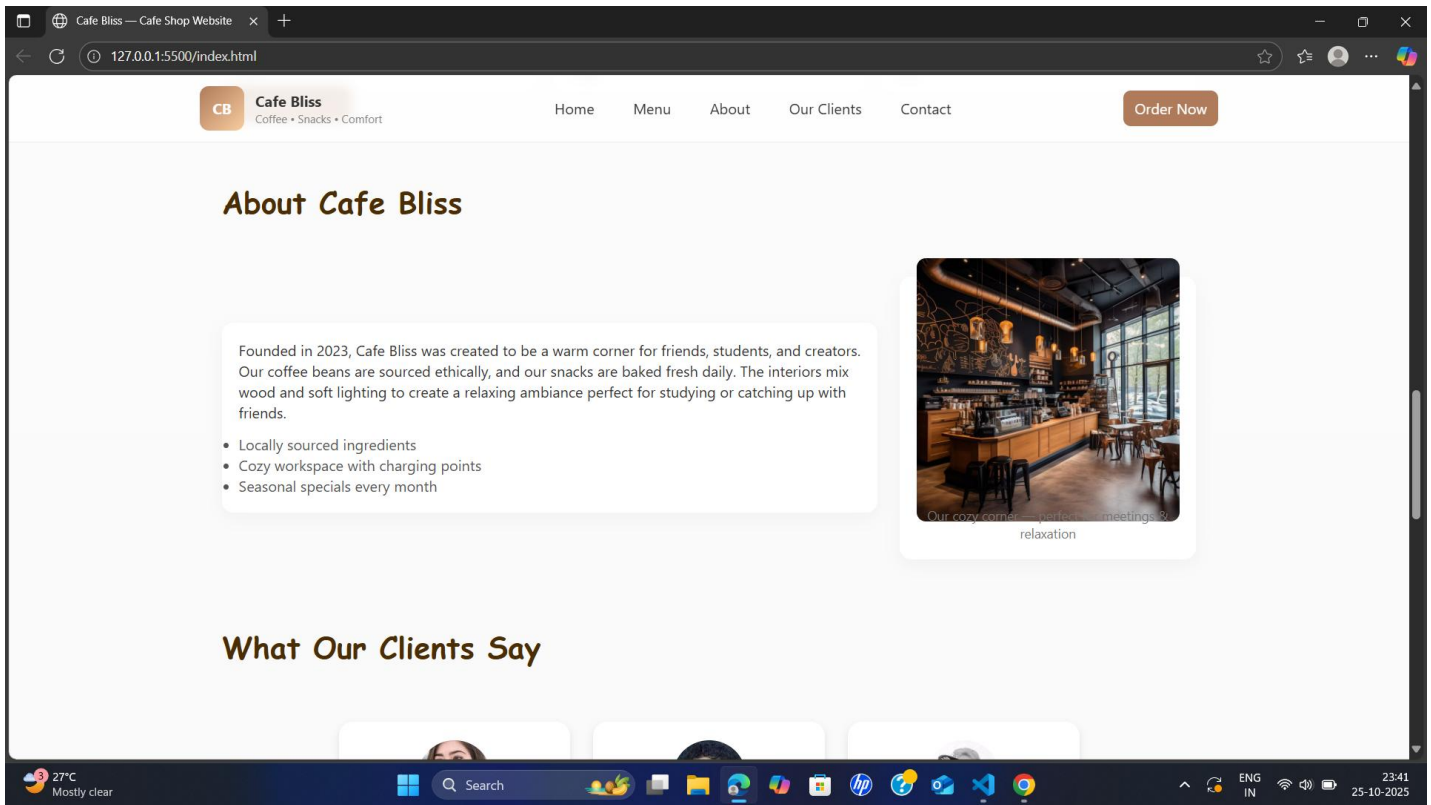

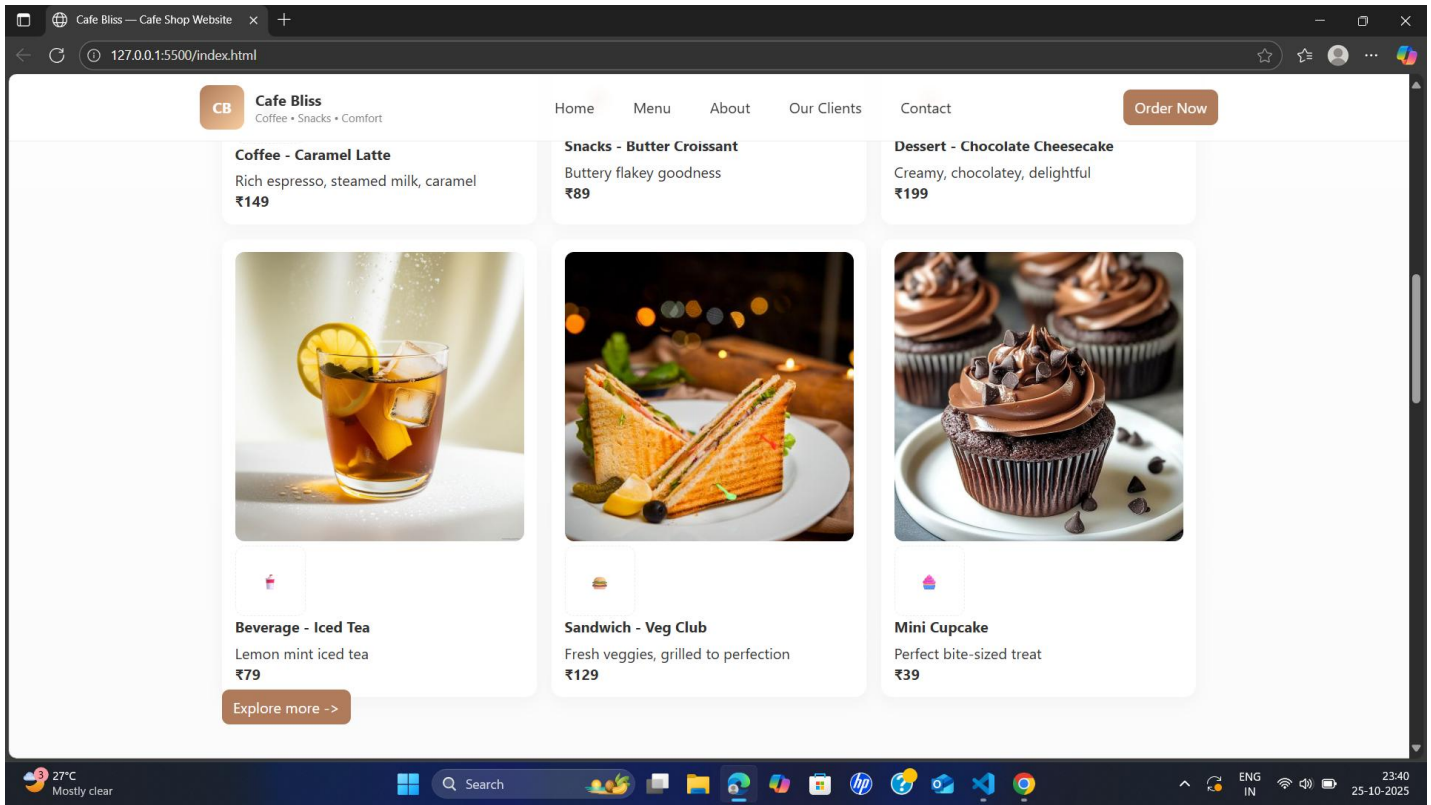

4. Features

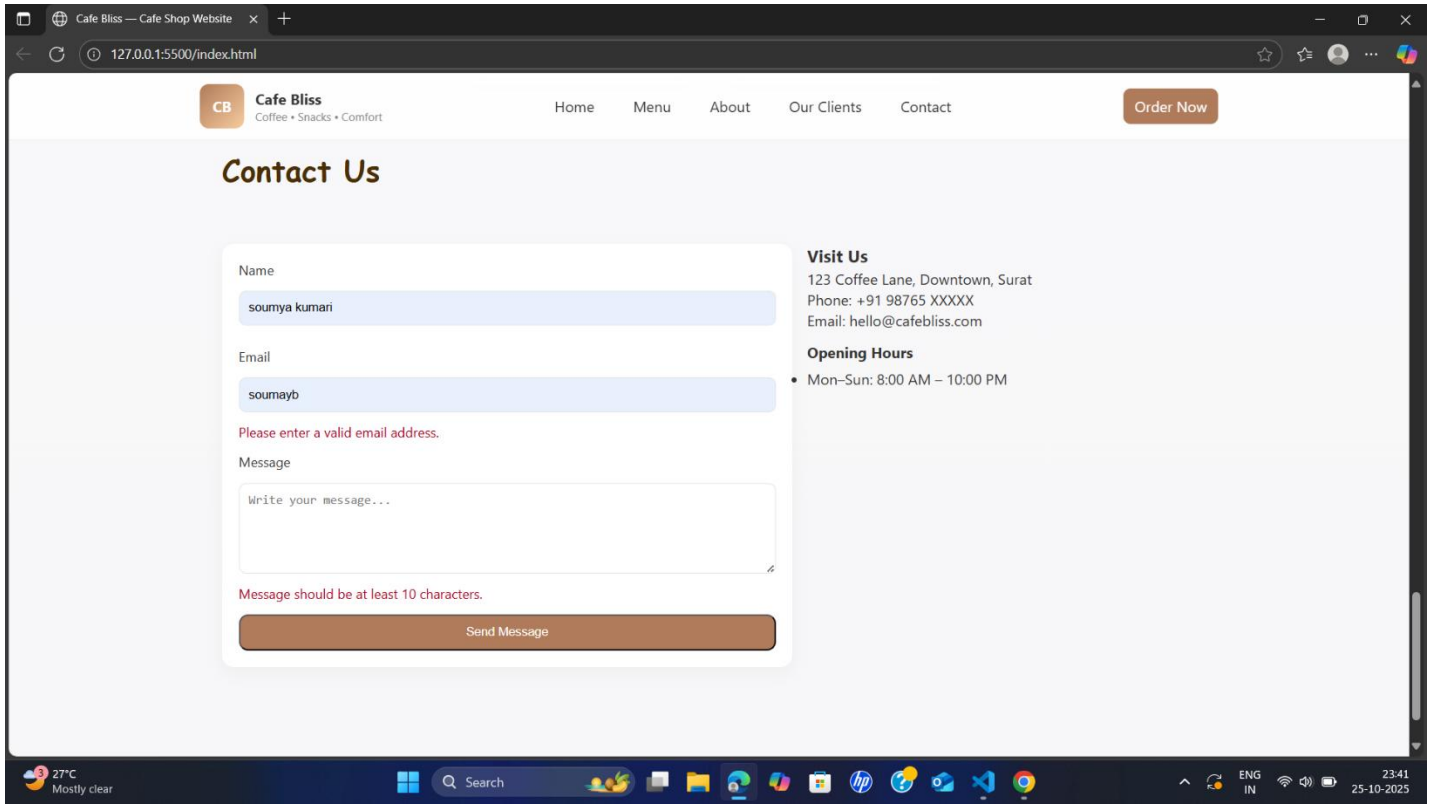

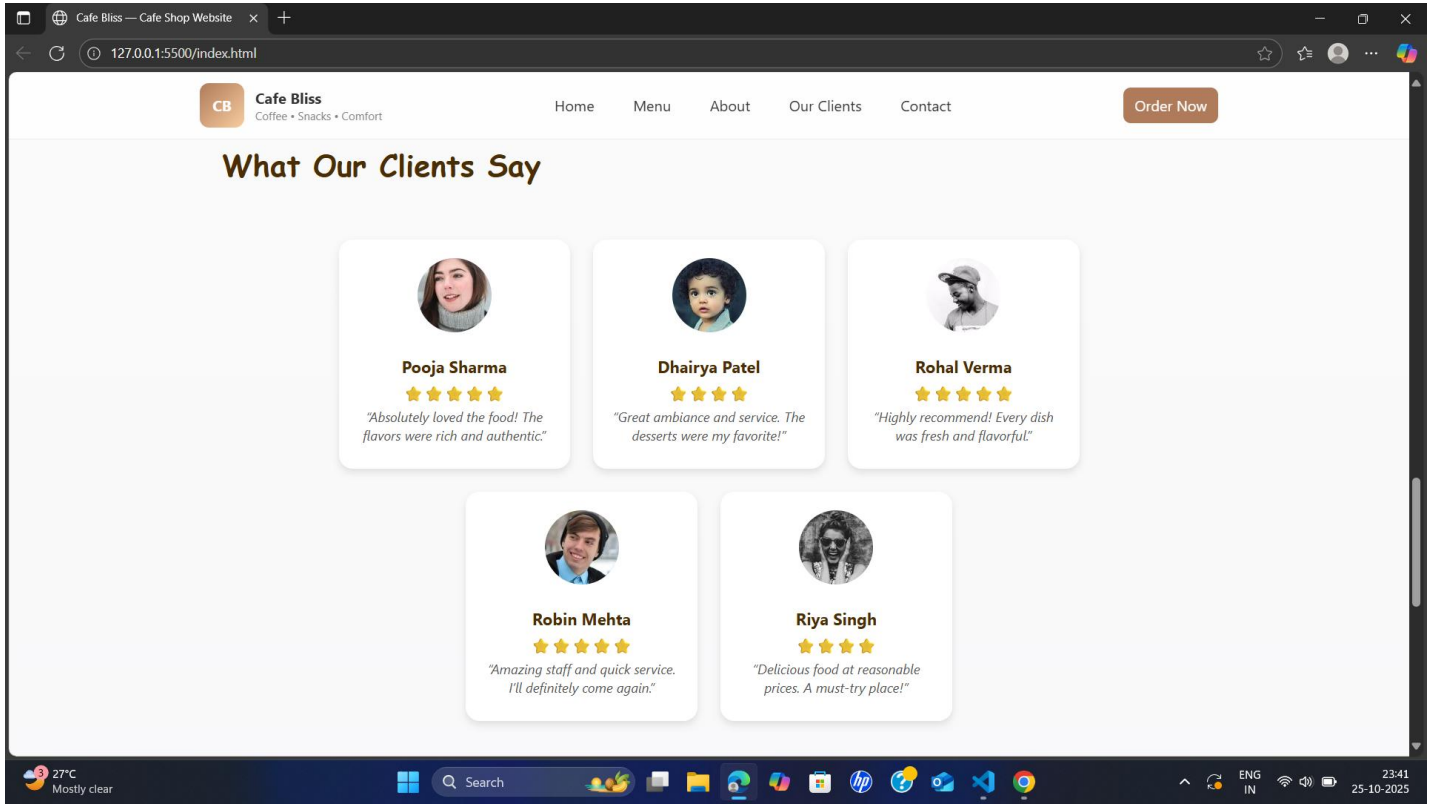

- Home page with hero section and welcome message
- About section describing the cafe

- Menu display section (also a page menu.html)
- Contact form/section
- Fully responsive design for different screen sizes

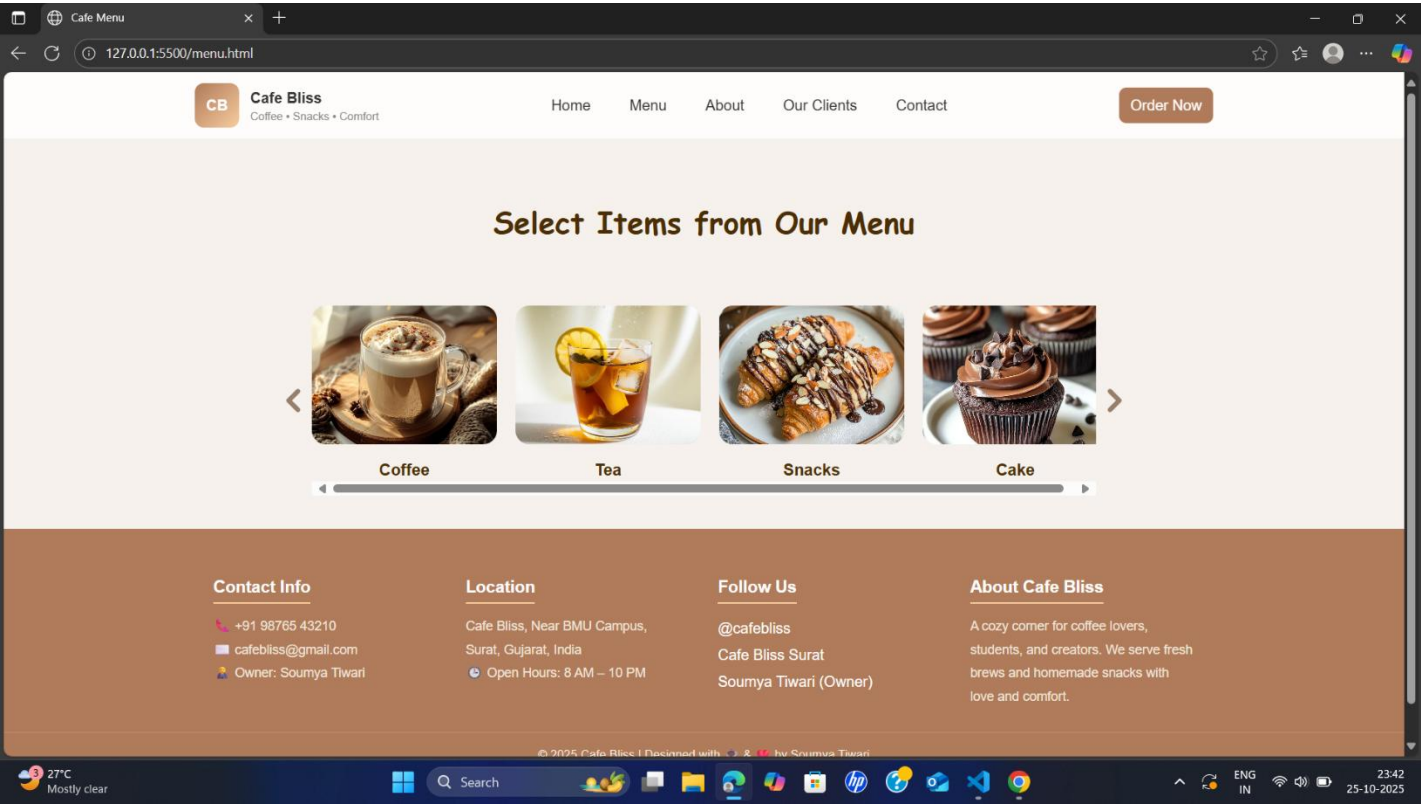

5. Screenshot-

6. Challenges & Learning Outcomes

Challenges:

- Making the website fully responsive
- Properly linking images and assets

Learning Outcomes:

- Hands-on experience with HTML, CSS, and JavaScript
- Learned folder organization for web projects
- Improved skills in creating real-world web layouts

7. How to Run the Project

1. Clone or download the GitHub repository:

<https://github.com/Soumya-twr05/cafe-bliss>

2. Open index.html in any web browser.

3. Explore the website features and screenshots.

8. Conclusion

This project helped strengthen web development skills and provided practical experience in building responsive websites, managing project structure, and presenting work professionally.
